Stencils allow an extra level of customization to the sides of our wedding and celebration cakes.

Available only on fondant cakes, stencils are applied horizontally using tinted buttercream to create a three dimensional effect

Only one line of stencil per tier; stencils may not be combined more than one stencil pattern per tier.

(see #W12)

Three dimensional borders and impressions allow for an extra level of customization to the sides of our wedding and celebration cakes.

Whether you go subtle with a tone-on-tone look or expressive using contrasting colours, side-borders add visual texture to your perfect design.

Full side borders (one design per tier) are available on cake tier sides only (not the tops of the tiers).

Buttercream Seashells: available on Buttercream or Fondant cakes, tinting extra.
Seashell borders are available in 1, 2 or 3-row designs (per tier)

Buttercream Rosette Swirl: available on Buttercream or Fondant cakes, tinting extra.

Buttercream Foliage:

available on Buttercream or Fondant cakes,
tinting extra.

Buttercream Pleats:
