Tips from Dufflet

There is an important difference between desserts that are certified "gluten-free" and those "made without gluten".

Dufflet products that are certified gluten-free come in sealed packages like domes for our Cakelets® or sealed wrappers for our brownies and cookies. Items that are not sold in sealed packages are not certified gluten-free as they may come into contact with wheat that may be in the environment (like a cake display fridge or a restaurant kitchen).

Dufflet Pastries offers some items that are made without gluten or wheat in the recipe, but they may not be identified as gluten-free as they are not available in sealed packaging.
